SUBJECT: Plans to Counter Libyan Threats in the U.S. (S)

The CPPG principals met on January 13 and agreed that actions should be taken against the People's Committee for Libyan Students (PCLS). The Chairman of the CPPG tasked the TIWG Operations Sub-Group (OSG) to prepare recommendations for the CPPG. These recommendations are forwarded to the CPPG principals in the memo at Tab A. (S)

MEMORANDUM FOR THE CRISIS PRE-PLANNING GROUP (CPPG)

SUBJECT: Plans to Counter Libyan Threats in the U.S. (S)

At the CPPG meeting on Monday, January 13, the Chairman tasked the Operations Sub-Group (OSG) of the TIWG to make a recommendation on whether or not to take action against the People's Committee for Libyan Students (PCLS) in McLean, Virginia. The view of the CPPG was that a failure to take action against the PCLS damages our political position on sanctions against Qadhafi. (S)

In response to this tasking, the OSG reviewed current FBI operations and activities aimed at the PCLS and proffers the following views and recommendations to the CPPG:

- 25X1
-
- Our policy of sanctions against Qadhafi does, however, offer an opportunity for better control over the operations of the PCLS. Accordingly, the OSG recommends the following course of action:
 - No new student visas should be issued. Since we have little other choice, those here on valid student visas should be allowed to complete their course of study.
 - The Department of Treasury should place restrictions/controls on funds being moved from Libya for use by Libyan students here in the U.S.
 - The PCLS should be required to register the intended use for all funds transferred into or out of its accounts. Specific limits should be placed on transactions in the PCLS accounts.

- When asked, we should state that our position is to take action against Qadhafi and terrorism but that our actions are not intended to punish the people of Libya or Libyan students currently in the U.S. on valid student visas.
- We should further note that we have curtailed the admission of new students and placed controls on PCLS activities in order to preclude unauthorized use of PCLS funds. (S)

Unless the CPPG principals believe we should proceed otherwise, I plan to proceed along the lines indicated above in further taskings regarding the PCLS. The Department of Treasury, in conjunction with the Department of State, should prepare appropriate directives restricting the use of PCLS funds in the U.S. These directives and appropriate press guidance should be available for discussion at the next scheduled CPPG meeting. Comments should be forwarded to Oliver North, NSC Staff, 395-3345, secure x7000/7464. (S)
